

Annual General Meeting of Transfrigoroute International  
17/18 September 2009 - Brussels

**SPONSORING DOCUMENT**

*“The economic crisis: an opportunity  
to maximise the sustainable  
development of the refrigerated  
transport sector”*

The Annual General Meeting of Transfrigoroute International will gather some 200 professionals of the temperature controlled road transport for two days in the prestigious hotel Métropole in Brussels.

In the capital of Belgium and in the heart of Europe, this AGM will address our issues in the current economic crisis. TI is highly aware that it is the businesses that will deal with the economical, social and technical challenges of sustainability that will be able to drive through the current crisis.

These two days of meetings offer great opportunities to promote your business among the delegates from 22 countries and the distinguished guest speakers.
